Hoquiam, WA 98550

APPLICANT INFORMATION:

Appellant Name: Mike Villarreal
Applicant Name: Hoquiam School District #28
Applicant Number: 145310

The Hoquiam School District is respectfully requesting a waiver for the following eRate requests 471 for the 2018-2019 funding year.

Because we have not filed for eRate for over 5 years, we were learning the process from scratch and were not familiar with the new process. During the eRate filing period we had several setbacks with incorrect due dates and personnel changes and missed our filing date. We also had delays in contract approval from our board and miscommunication from our winning vendors.

We are asking that our three (3) forms 471 be taken into consideration for processing. The contracts have been signed and uploaded. The forms and winning bidders are as follows:

#18-180024939: LAN cabling infrastructure - INSI - Seventy Two Thousand Four Hundred Twenty Four Dollars (\$72,424.00)

#18-180024941: Campus Fiber Upgrade - INSI - Eighteen Thousand Eight Hundred Eighty Two Dollars Sixty Two Cents (\$18,882.62)

#180024938: Infrastructure/Wireless - MicroK-12 - Eighteen Thousand Five Hundred Sixty Six Dollars Seventy Two Cents (\$18,566.72)

Respectfully Submitted,

Dr. Mike A. Villarreal - Superintendent, Hoquiam School District #28
